Kettle WK 5040

Product data

- High performance kettle with powerful 3000 W and elegant illumination
- Large 1.7 litre capacity
- Lights up blue inside when switched on
- An automatic switch-off ensures the kettle switches off when the water boils or if it contains insufficient water
- Covered heat element for boiling water hygienically and for easy cleaning
- Thanks to boil-dry protection, the kettle switches off automatically if it does not contain any water
- Heated base made from high-quality and hygienic stainless steel
- Detachable and washable limescale water filter
- Cordless 360° base for easy setting down and picking up, ideal for right or left-handers
- Cable coil for safe and tidy cable storage
- Colour: black / stainless steel
